PART 1: THE SERVICES

The overarching purpose of SKE is to support recruitment to ITT programmes. The Department does not set out the full ITT curriculum for trainee teachers, and SKE courses therefore do not follow a pre-determined curriculum or delivery mode.

Providers shall develop each SKE course to ensure that the course:

- supports conditional offers to places on ITT courses or High Potential Initial Teacher Training (HPITT) programmes;
- is only offered to Participants who, without SKE, would be highly unlikely to meet the subject knowledge requirements of the [Teachers' Standards](#) by the time their ITT course is complete;
- enables Participants to train to teach their chosen subject;
- includes a mechanism for informing the ITT provider of progress made by the Participant on completion of the course;
- ends before the Participant completes their ITT course and before a recommendation for the award of Qualified Teacher Status (QTS) is made; and,
- is no longer than the minimum duration recommended by the ITT provider to address the subject knowledge gaps of a Participant.

Providers must develop SKE courses to be modular and flexible to ensure that each Participant receives a tailored programme that provides the optimum package of support to enable them to meet the subject knowledge requirements of their conditional ITT offer.

The first SKE academic year in which delivery will take place will run from 1 October 2021 – 30 September 2022. The SKE Academic Year to which this Agreement relates and in which delivery will take place under the terms of this Agreement is from 1 October 2023 to 30 September 2024.

Providers will be expected to obtain the required management information set out in the contract. They will be expected to meet the KPI requirement relating to social value, but will not be subject to any financial penalties.

PART 2: THE PROVIDER'S SOLUTION

Providers shall develop and deliver SKE courses that meet the following aims:

- prospective ITT candidates who do not have adequate subject knowledge are provided with the opportunity to undertake teacher training.
- recruitment to ITT courses in priority and hard-to-recruit subjects is supported.

Providers shall design and deliver courses to meet the following objectives:

- the teaching of subject knowledge that fills gaps in Participants' knowledge sufficient to demonstrate good subject and curriculum knowledge (Standard 3 of the Teachers' Standards).

- delivery of courses that are appropriate for the subject, phase and age range that the Participants will be teaching and aligned to the entry requirements set by the ITT provider.
- course content is linked to core knowledge requirements underpinning teaching of the subject.

It is purely an administrative process to allow the Department to establish an efficient invoicing process, monitor demand for SKE Courses, and track budget spend across the Framework Agreement.

- 6.2.9. In the event that the Department identifies that there is a risk of total spend across the Framework Agreement exceeding the annual budget for SKE Courses the Department reserves the right to reduce or limit individual Purchase Orders to reflect the finite funding position. Such reduction or limitations may include prioritising certain subjects or course lengths over others to maximise the available budget in line with strategic priorities.

7. Payment Process

- 7.1. On receipt of an application from a Participant, the Provider will submit one combined SER form by the 10th calendar day of each month, detailing all participants starting SKE in that current month for the SKE academic year to which the Purchase Order relates. Any requests that fall beyond the SKE academic year cannot be processed until plans for that SKE academic year have been submitted and agreed and a new Purchase Order raised.

- 7.5. Once checked the Department will return the SER, detailing and approving the amounts to be invoiced for each Participant on the SER.
- 7.6. The Provider must submit invoices through the standard Department process detailed at Annex 2. The invoice must match the schedule of payments as set out in paragraph 7.5. 11. Where on the Department's annual measurement, there is evidence that the outcomes of Participants attending the Provider's SKE Course fall consistently short of the Departments overall target expectations as set out above, and the Department, acting reasonably, is satisfied that that the shortfalls are primarily due to SKE Course quality rather than other factors the Department reserves the right to categorise the shortfall as a Service Fault and the provisions of paragraphs 8 to 10 will apply.

Provider Contribution to the overall success of the SKE Programme through Social Value

12. In addition to the KPIs set out in Table 1 above the Department will also be applying the social value KPI outlined in Table 2 and this will not be subject to clause 26 Consequence of Failure to meet KPIs in Table 1.
