

Remove first floor window and part infill with Block / block cavity wall to match the existing including insulation to cavity and closer at opening. Carefully cut away cladding at first floor level and install colour matched edging to opening. Use salvaged cladding to clad the part infilled section of the wall. Cut down opening to floor level, install cavity closer and extend floor up to lift. Allow for infilling flooring to match the existing as near as possible. Plaster reveals and decorate affected wall

note: metal
cladding to
first floor only
