

HAMMOCK FIXINGS

End of hammock fixing as supplied by manufacturer. Fixing shackle to connect hammock to marine grade steel rope 10mm diameter (TBC) as per manufacturers recommendations

Hardwood batten (250mm long x 100mm wide x 20mm thick) between steel rope and bark to protect tree from rubbing and to allow expansion as tree grows

Sleeve to rope where it passes over tree branch.

Sufficient rope to be supplied to allow for fixing to any secondary branching point
