

## **Crowborough Town Council Summersales Cemetery – Resin Bound**

### **Invitation to Tender**

Crowborough Town Council is seeking a company to provide a bespoke training package and the supply of materials for laying resin bound surfacing.

---

Crowborough Town Council manages and maintains two cemeteries across Crowborough. Our Summersales cemetery is a newly constructed site which includes areas for both natural burials and traditional burials. The site hosts a large car park and, a spine road leading up to a turning circle around the contemplation building. Various footpaths are encircling the burial areas for visitors to explore the site.

The Council wishes to tender a bespoke training package to provide its in-house grounds maintenance team with the skills and knowledge to competently lay resin bound surfacing on both tarmac/ concrete and compacted stone. The Council would as part of this training, require that sufficient materials and equipment be provided as part of the tender for laying resin bound surfaces on all pathways and roadways across the Summersales site.
