This Requirement

The Dorset Sustainability & Transformation Partnership includes NHS, local authority and private / third sector organisations who work together to improve health and social care outcomes across the county.

Advanced Clinical Practitioners are experienced clinicians who demonstrate expertise in their scope of practice. Advanced Clinical Practitioners manage defined episodes of clinical care independently, from beginning to end, providing care and treatment from the time an individual(1) first presents through to the end of the episode, which may include admission, referral or discharge or care at home. They carry out their full range of duties in relation to individuals' physical and mental healthcare and in acute, primary, urgent and emergency settings (including hospitals, general practice, individuals' homes, schools and prisons, and in the public, independent, private and charity sectors). They combine expert clinical skills with research, education and clinical leadership within their scope of practice. Advanced Clinical Practitioners work innovatively on a one to one basis with individuals as well as part of a wider team. They work as part of the wider health and social care team and across traditional professional boundaries in health and social care.

This Requirement is for an indicative number of 20 students, although the Programme is likely to expand further.

Currently, breakdown by employer organisation of numbers is not available, therefore as part of their bid submission providers are requested to advise minimum cohort numbers, which should be kept as low as possible in order to encourage uptake.

Employer organisations will discuss specific clinical pathway needs with providers at time of engagement.

For Suppliers – How to Participate

For existing DPS Members :

You will have received an invitation link via the Bravo portal – click on that link to open the event.

For non DPS Members :

You can apply to join the DPS simultaneously to submitting a bid for the Further Competition, however you cannot compete in this Competition unless you submit a completed PQQ (PQQ_28436) to join the DPS. Any bids received where the bidder has not completed the PQQ will be cancelled.

You will need to have submitted BOTH the PQQ response AND the Further Competition (ITT) response by the close date of the ITT.

Suppliers can request to join (or withdraw from) a DPS at any time during the advertised lifetime of the DPS.

All DPS activity is carried out electronically, including further competition and messaging.

Salisbury NHSFT uses the Bravo NHS Portal for all procurement requirements, including DPS.

Suppliers wishing to join this DPS should register on the Portal https://nhs.bravosolution.co.uk/nhs_collaborative/web/login.html and locate relevant project reference. Suppliers will then be asked to complete the online PQQ and submit. Salisbury NHSFT will then evaluate the PQQ and advise within 10 working days after an initial period of 30 days (or advise the supplier where this will be extended).

Suppliers successfully placed on the DPS will then be advised of further competitions via the Bravo portal.

It is therefore **essential** that suppliers maintain their contact details within their Bravo profile at all times, as Salisbury Commercial Services will not be responsible for suppliers not receiving competition calls due to incorrect or outdated profile information.
