Site Information for M20 J8-9 Visual
Condition Survey

1 SITE INFORMATION

1.1 Site boundary, extents and access arrangements

The site is located on the M20 between the Hollingbourne (Western extent) and Ashford (Eastern extent), as shown in the map below. The M20 here is a dual carriageway road with 4 lanes in each direction (3 main + 1 hard shoulder). The pavement is a concrete construction for the majority of the site extent. The survey scope covers both directions, and all lanes.

1.2 Pavement

Full extent of survey is provided in the table below (note all sections are main carriageway in Area 4).

	Start OS	End OS	Section	Section Length (m)	Lanes	Description
