4.1.2 The Supplier must provide Deliverables with a warranty of at least 90 days (or longer where the Supplier offers a longer warranty period to its Buyers) from Delivery against all obvious defects.

4.2 **Goods clauses**

4.2.1 All Goods delivered must be new, or as new if recycled, unused and of recent origin.

4.2.2 The Supplier transfers ownership of the Goods on completion of Delivery or payment for those Goods, whichever is earlier.

4.2.3 Risk in the Goods transfers to the Buyer on Delivery, but remains with the Supplier if the Buyer notices damage following Delivery and lets the Supplier know within 3 Working Days of Delivery.

4.2.4 The Supplier warrants that it has full and unrestricted ownership of the Goods at the time of transfer of ownership.

4.2.5 The Supplier must Deliver the Goods on the date and to the location specified in the Order Form, during the Buyer's working hours (unless otherwise specified in the Order Form).

4.2.6 The Supplier must provide sufficient packaging for the Goods to reach the point of Delivery safely and undamaged.

4.2.7 All deliveries must have a delivery note attached that specifies the order number, type and quantity of Goods.

4.2.8 The Supplier must provide all tools, information and instructions the Buyer needs to make use of the Goods.

- 4.2.9 The Supplier will notify the Buyer of any request that Goods are returned to it or the manufacturer after the discovery of safety issues or defects that might endanger health or hinder performance and shall indemnify the Buyer against the costs arising as a result of any such request.
- 4.2.10 The Buyer can cancel any order or part order of Goods which has not been Delivered. If the Buyer gives less than 14 days' notice then it will pay the Supplier's reasonable and proven costs already incurred on the cancelled order as long as the Supplier takes all reasonable endeavours to minimise these costs.
- 4.2.11 The Supplier must at its own cost repair, replace, refund or substitute (at the Buyer's option and request) any Goods that the Buyer rejects because they don't conform with clause 4.2. If the Supplier doesn't do this it will pay the Buyer's costs including repair or re-supply by a third party.
- 4.2.12 The Buyer will not be liable for any actions, claims, costs and expenses incurred by the Supplier or any third party during Delivery of the Goods unless and to the extent that it is caused by negligence or other wrongful act of the Buyer or its servant or agent. If the Buyer suffers or incurs any damage or injury (whether fatal or otherwise) occurring in the course of Delivery or installation then the Supplier shall indemnify the Buyer from any losses, charges, costs or expenses which arise as a result of or in connection with such damage or injury where it is attributable to any act or omission of the Supplier or any of its Subcontractors or Supplier Staff.

4.3 **Services clauses**

- 4.3.1 Late Delivery of the Services will be a default of the Contract.
- 4.3.2 The Supplier must co-operate with the Buyer and third party suppliers on all aspects connected with the delivery of the Services and ensure that Supplier Staff comply with any reasonable instructions including the security requirements (where any such requirements have been provided).
- 4.3.3 The Buyer must provide the Supplier with reasonable access to its premises at reasonable times for the purpose of supplying the Services

4.3.8 The Supplier must ensure all Services, and anything used to deliver the Services, are of good quality and free from defects.

4.3.9 The Buyer is entitled to withhold payment for partially or undelivered Services, but doing so does not stop it from using its other rights under the Contract.

5 **PRICING AND PAYMENTS**

5.1 In exchange for the Deliverables, the Supplier must invoice the Buyer for the charges in the Order Form.

5.2 All Charges:

5.2.1 exclude VAT, which is payable on provision of a valid VAT invoice; and

5.2.2 include all costs and expenses connected with the supply of Deliverables.

5.3 The Buyer must pay the Supplier the charges within 30 days of receipt by the Buyer of a valid, undisputed invoice, in cleared funds to the Supplier's account stated in the invoice or in the Order Form.

5.4 A Supplier invoice is only valid if it:

5.4.1 includes all appropriate references including the Purchase Order Number and other details reasonably requested by the Buyer; and

5.4.2 includes a detailed breakdown of Deliverables which have been delivered.

5.5 If there is a dispute between the Parties as to the amount invoiced, the Buyer shall pay the undisputed amount. The Supplier shall not suspend the provision of the Deliverables unless the Supplier is entitled to terminate the Contract for a failure to pay undisputed sums in accordance with clause 11.6. Any disputed amounts shall be resolved through the dispute resolution procedure detailed in clause 36.

5.6 The Buyer may retain or set-off payment of any amount owed to it by the Supplier under this Contract or any other agreement between the Supplier and the Buyer if notice and reasons are provided.

5.7 The Supplier must ensure that all Subcontractors are paid, in full, within 30 days of receipt of a valid, undisputed invoice. If this doesn't happen, the Buyer can publish the details of the late payment or non-payment.

6 **THE BUYER'S OBLIGATIONS TO THE SUPPLIER**

6.1 If Supplier fails to comply with the Contract as a result of a Buyer Cause:

6.1.1 the Buyer cannot terminate the Contract under clause 11;

6.1.2 the Supplier is entitled to reasonable and proven additional expenses and to relief from liability under this Contract;

6.1.3 the Supplier is entitled to additional time needed to deliver the Deliverables; and

- 6.2.2 demonstrates that the failure only happened because of the Buyer Cause; and
- 6.2.3 mitigated the impact of the Buyer Cause.

- 7.3 The Supplier must allow any auditor appointed by the Buyer access to its premises to verify all contract accounts and records of everything to do with the Contract and provide copies for the Audit.
- 7.4 The Buyer or an auditor can Audit the Supplier.
- 7.5 During an Audit, the Supplier must provide information to the auditor and reasonable co-operation at their request.
- 7.6 The Parties will bear their own costs when an Audit is undertaken unless the Audit identifies a Material Breach by the Supplier, in which case the Supplier will repay the Buyer's reasonable costs in connection with the Audit.
- 7.7 If the Supplier is not providing any of the Deliverables, or is unable to provide them, it must immediately:
 - 7.7.1 tell the Buyer and give reasons;
 - 7.7.2 propose corrective action; and
 - 7.7.3 provide a deadline for completing the corrective action.
- 7.8 If the Buyer, acting reasonably, is concerned as to the financial stability of the Supplier such that it may impact on the continued performance of the Contract then the Buyer may:
 - 7.8.1 require that the Supplier provide to the Buyer (for its approval) a plan setting out how the Supplier will ensure continued performance of the Contract and the Supplier will make changes to such plan as reasonably required by the Buyer and once it is agreed then the Supplier shall act in accordance with such plan and report to the Buyer on demand; and
 - 7.8.2 if the Supplier fails to provide a plan or fails to agree any changes which are requested by the Buyer or fails to implement or provide updates on progress with the plan, terminate the Contract immediately for Material Breach (or on such date as the Buyer notifies) and the consequences of termination in Clause 11.5.1 shall apply.

7.9 If there is a Material Breach, the Supplier must notify the Buyer within 3 Working Days of the Supplier becoming aware of the Material Breach. The Buyer may request that the Supplier provide a Rectification Plan within 10 Working Days of the Buyer's request alongside any additional documentation that the Buyer requires. Once such Rectification Plan is agreed between the Parties (without the Buyer limiting its rights) the Supplier must immediately start work on the actions in the Rectification Plan at its own cost.

8.1 The Supplier Staff involved in the performance of the Contract must:

- 8.1.1 be appropriately trained and qualified;

8.2 Where the Buyer decides one of the Supplier's Staff isn't suitable to work on the Contract, the Supplier must replace them with a suitably qualified alternative.

8.3 The Supplier must provide a list of Supplier Staff needing to access the Buyer's premises and say why access is required.

8.4 The Supplier indemnifies the Buyer against all claims brought by any person employed or engaged by the Supplier caused by an act or omission of the Supplier or any Supplier Staff.

8.5 The Buyer indemnifies the Supplier against all claims brought by any person employed or engaged by the Buyer caused by an act or omission of the Buyer or any of the Buyer's employees, agents, consultants and contractors.

8.6 The Supplier shall use those persons nominated (if any) as Key Staff in the Order Form or otherwise notified as such by the Buyer to the Supplier in writing, following agreement to the same by the Supplier to provide the Deliverables and shall not remove or replace any of them unless:

- 8.6.1 requested to do so by the Buyer or the Buyer approves such removal or replacement (not to be unreasonably withheld or delayed);
- 8.6.2 the person concerned resigns, retires or dies or is on parental or long-term sick leave; or

9 RIGHTS AND PROTECTION

9.1 The Supplier warrants and represents that:

- 9.1.1 it has full capacity and authority to enter into and to perform the Contract;

- 9.1.2 the Contract is entered into by its authorised representative;
 - 9.1.3 it is a legally valid and existing organisation incorporated in the place it was formed;
 - 9.1.4 there are no known legal or regulatory actions or investigations before any court, administrative body or arbitration tribunal pending or threatened against it or its affiliates that might affect its ability to perform the Contract;
 - 9.1.5 all necessary rights, authorisations, licences and consents (including in relation to IPRs) are in place to enable the Supplier to perform its obligations under the Contract and the Buyer to receive the Deliverables;
 - 9.1.6 it doesn't have any contractual obligations which are likely to have a material adverse effect on its ability to perform the Contract; and
 - 9.1.7 it is not impacted by an Insolvency Event.
- 9.2 The warranties and representations in clause 3.3 and clause 9.1 are repeated each time the Supplier provides Deliverables under the Contract.
- 9.3 The Supplier indemnifies the Buyer against each of the following:
- 9.3.1 wilful misconduct of the Supplier, any of its Subcontractor and/or Supplier Staff that impacts the Contract; and
 - 9.3.2 non-payment by the Supplier of any tax or National Insurance.
- 9.4 If the Supplier becomes aware of a representation or warranty made in relation to the Contract that becomes untrue or misleading, it must immediately notify the Buyer.
- 9.5 All third party warranties and indemnities covering the Deliverables must be assigned for the Buyer's benefit by the Supplier for free.
- 10 INTELLECTUAL PROPERTY RIGHTS ("IPRs")**
- 10.1 Each Party keeps ownership of its own Existing IPRs. The Supplier gives the Buyer a non-exclusive, perpetual, royalty-free, irrevocable, transferable, sub-licensable worldwide licence to use, copy and adapt the Supplier's Existing IPR to enable the Buyer and its sub-licensees to both:
- 10.1.1 receive and use the Deliverables; and
 - 10.1.2 use the New IPR.
- The termination or expiry of the Contract does not terminate any licence granted under this clause 10.
- 10.2 Any New IPR created under the Contract is owned by the Buyer. The Buyer gives the Supplier a royalty-free, non-exclusive, non-transferable licence to use, copy, and adapt any Existing IPRs and the New IPR which the Supplier reasonably requires for the purpose of fulfilling its obligations during the Term and commercially exploiting the New IPR developed under the Contract. This licence is sub-licensable to a Subcontractor for the purpose of enabling the Supplier to fulfil its obligations under the Contract, and in that case the Subcontractor must enter into a confidentiality undertaking with the Supplier on the same terms as set out in clause 15 (What you must keep confidential).

- 10.3 Unless otherwise agreed in writing, the Supplier and the Buyer will record any New IPR and keep this record updated throughout the Term.
- 10.4 Where a Party acquires ownership of intellectual property rights incorrectly under this Contract, it must do everything reasonably necessary to complete a transfer assigning them in writing to the other Party on request and at its own cost.
- 10.5 Neither Party has the right to use the other Party's intellectual property rights, including any use of the other Party's names, logos or trademarks, except as provided in this clause 10 or otherwise agreed in writing.
- 10.6 If any claim is made against the Buyer for actual or alleged infringement of a third party's intellectual property arising out of, or in connection with, the supply or use of the Deliverables (an **"IPR Claim"**), then the Supplier indemnifies the Buyer against all losses, damages, costs or expenses (including professional fees and fines) incurred as a result of the IPR Claim.
- 10.7 If an IPR Claim is made or anticipated, the Supplier must at its own option and expense, either:
- 10.7.1 obtain for the Buyer the rights in clause 10.1 without infringing any third party intellectual property rights; and
 - 10.7.2 replace or modify the relevant item with substitutes that don't infringe intellectual property rights without adversely affecting the functionality or performance of the Deliverables.
 - 10.7.3 If the Supplier is not able to resolve the IPR Claim to the Buyer's reasonable satisfaction within a reasonable time, the Buyer may give written notice that it terminates the Contract from the date set out in the notice, or where no date is given in the notice, the date of the notice. On termination, the consequences of termination in clauses 11.5.1 shall apply.
- 10.8 The Supplier shall not use in the Delivery of the Deliverables any Third Party IPR unless:
- 10.8.1 the Buyer gives its approval to do so; and
 - 10.8.2 one of the following conditions applies:
 - 10.8.2.1 the owner or an authorised licensor of the relevant Third Party IPR has granted the Buyer a direct licence that provides the Buyer with the rights in clause 10.1; or
 - 10.8.2.2 if the Supplier cannot, after commercially reasonable endeavours, obtain for the Buyer a direct licence to the Third Party IPR as set out in clause 10.8.2.1:
 - (a) the Supplier provides the Buyer with details of the licence terms it can obtain and the identity of those licensors;
 - (b) the Buyer agrees to those licence terms; and
 - (c) the owner or authorised licensor of the Third Party IPR grants a direct licence to the Buyer on those terms; or
 - 10.8.2.3 the Buyer approves in writing, with reference to the acts authorised and the specific intellectual property rights involved.

- 10.9 In spite of any other provisions of the Contract and for the avoidance of doubt, award of this Contract by the Buyer and the ordering of any Deliverable under it, does not constitute an authorisation by the Crown under Sections 55 and 56 of the Patents Act 1977, Section 12 of the Registered Designs Act 1949 or Sections 240 – 243 of the Copyright, Designs and Patents Act 1988.
- 11 **ENDING THE CONTRACT**
- 11.1 The Contract takes effect on the Start Date and ends on the earlier of the Expiry Date or termination of the Contract, or earlier if required by Law.
- 11.2 The Buyer can extend the Contract where set out in the Order Form in accordance with the terms in the Order Form.
- 11.3 **Ending the Contract without a reason**
- 11.3.1 The Buyer has the right to terminate the Contract at any time without reason or liability by giving the Supplier not less than 90 days' written notice, and if it's terminated clause 11.6.2 applies.
- 11.4 **When the Buyer can end the Contract**
- 11.4.1 If any of the following events happen, the Buyer has the right to immediately terminate its Contract by issuing a termination notice in writing to the Supplier and the consequences of termination in Clause 11.5.1 shall apply:

- 11.4.1.4 the Buyer discovers that the Supplier was in one of the situations in 57 (1) or 57(2) of the Regulations at the time the Contract was awarded;
- 11.4.1.5 the Supplier or its affiliates embarrass or bring the Buyer into disrepute or diminish the public trust in them; or
- 11.4.1.6 the Supplier fails to comply with its legal obligations in the fields of environmental, social, equality or employment Law when providing the Deliverables.
- 11.4.2 If any of the events in 73(1) (a) or (b) of the Regulations happen, the Buyer has the right to immediately terminate the Contract and clauses 11.5.1.2 to 11.5.1.7 apply.
- 11.5 **What happens if the Contract ends**
- 11.5.1 Where the Buyer terminates the Contract under clause 10.9, 11.4, 7.8.2, 28.4.2, or Paragraph 8 of Part B Joint Controller Agreement (*Optional*) of Annex 1 – Processing Personal Data (if used), all of the following apply:
- 11.5.1.1 the Supplier is responsible for the Buyer's reasonable costs of procuring replacement Deliverables for the rest of the term of the Contract;

- 11.5.1.2 the Buyer's payment obligations under the terminated Contract stop immediately;
- 11.5.1.3 accumulated rights of the Parties are not affected;
- 11.5.1.4 the Supplier must promptly delete or return the Government Data except where required to retain copies by Law;
- 11.5.1.5 the Supplier must promptly return any of the Buyer's property provided under the Contract;
- 11.5.1.6 the Supplier must, at no cost to the Buyer, give all reasonable assistance to the Buyer and any incoming supplier and co-operate fully in the handover and re-procurement; and
- 11.5.1.7 the Supplier must repay to the Buyer all the Charges that it has been paid in advance for Deliverables that it has not provided as at the date of termination or expiry.

- 11.5.2 The following clauses survive the expiry or termination of the Contract: 1, 4.2.9, 5, 7, 8.4, 10, 11.5, 12, 14, 15, 16, 18, 19, 32.2.2, 36 and 37 and any clauses which are expressly or by implication intended to continue.

11.6 **When the Supplier can end the Contract and what happens when the contract ends (Buyer and Supplier termination)**

- 11.6.1 The Supplier can issue a reminder notice if the Buyer does not pay an undisputed invoice on time. The Supplier can terminate the Contract if the Buyer fails to pay an undisputed invoiced sum due and worth over 10% of the total Contract value or £1,000, whichever is the lower, within 30 days of the date of the reminder notice.
- 11.6.2 Where the Buyer terminates the Contract in accordance with clause 11.3 or the Supplier terminates the Contract under clause 11.6 or 23.4:
 - 11.6.2.1 the Buyer must promptly pay all outstanding charges incurred by the Supplier;
 - 11.6.2.2 the Buyer must pay the Supplier reasonable committed and unavoidable losses as long as the Supplier provides a fully itemised and costed schedule with evidence - the maximum value of this payment is limited to the total sum payable to the Supplier if the Contract had not been terminated; and
 - 11.6.2.3 clauses 11.5.1.2 to 11.5.1.7 apply.
- 11.6.3 The Supplier also has the right to terminate the Contract in accordance with Clauses 20.3 and 23.4.

11.7 **Partially ending and suspending the Contract**

- 11.7.1 Where the Buyer has the right to terminate the Contract it can terminate or suspend (for any period), all or part of it. If the Buyer suspends the Contract it can provide the Deliverables itself or buy them from a third party.

- 11.7.2 The Buyer can only partially terminate or suspend the Contract if the remaining parts of it can still be used to effectively deliver the intended purpose.
- 11.7.3 The Parties must agree (in accordance with clause 25) any necessary variation required by clause 11.7, but the Supplier may not either:
 - 11.7.3.1 reject the variation; or
 - 11.7.3.2 increase the Charges, except where the right to partial termination is under clause 11.3.

- 12.2 No Party is liable to the other for:
 - 12.2.1 any indirect losses; and/or
 - 12.2.2 loss of profits, turnover, savings, business opportunities or damage to goodwill (in each case whether direct or indirect).

VI. Annex 2 – Specification

Introduction

The Social Mobility Commission (SMC) monitors progress towards improving social mobility in the UK and promotes social mobility in England. It is an independent statutory body created by an Act of Parliament and is sponsored by the Cabinet Office.

As part of its remit, the Commission undertakes an annual “State of the Nation” report. This report is part of the Commission’s statutory duty to monitor UK-wide progress on social mobility each year. The production and synthesis of key statistics related to social mobility will be part of the report, which will be published in autumn 2024.

The Commission is seeking a supplier to provide updated analysis for inclusion in our State of the Nation report this year. The successful supplier will create the statistics for the report and work with our internal report team to interpret and build a narrative around them. This report will then be laid before Parliament.

The SMC wishes to continue building and improving on its Social Mobility Index and data explorer tool. The new and improved Index offers a much more accurate and robust framework to measure social mobility. It includes three main components: drivers (or enablers); intermediate outcomes (such as educational attainment) and their relationship to socio-economic background, with breakdowns by geography and protected characteristics such as sex, ethnicity, and disability, and their interactions with socio-economic background; and full social mobility outcomes with respect to occupation, income, education, housing and wealth (see [www. https://social-mobility.data.gov.uk/](https://social-mobility.data.gov.uk/) for the full suite of indicators and Annex 1 Table 1 for more information on what is needed for the upcoming report).

For 2024, our aim is to improve and report on the five “composite indices” that were first published in 2023. These indices collectively summarise 15 individual indicators, and so allow a greater level of geographical detail, as well as being clearer for the public. The indices are:

- Based on intermediate outcomes:
 - *Promising Prospects*
 - *Precarious Situations*
- Based on drivers of social mobility:
 - *Childhood poverty and Disadvantage*
 - *Sociocultural Advantage*
 - *Research and Development Environment*

The 2024 report will therefore have some similarities to the State of the Nation 2023 Report. The same analyses as conducted in 2023 (except for the full mobility outcomes) will be updated in our online data explorer tool. The paper report, however, will include only the composite indices, along with any other intermediate outcomes or drivers that are important to give a full picture. We do not expect to update the full mobility outcomes in 2024.

The SMC is looking for a supplier who can work with the secretariat to provide robust analyses, both cross-sectional and longitudinal, and interpret these statistics to give a clear narrative about what they mean for social mobility. The supplier will conduct and advise on the analytical and statistical outputs. They will collaborate with the secretariat team to produce the analysis and interpretation for all indicators. The SMC will therefore be assessing bids both for evidence of being able to deliver the analytical work and interpreting the findings in a wider social mobility context, including previous work by other researchers.

Finally, the SMC has committed publicly to the continuous improvement of the Index. This means that the supplier will need to consider opportunities for improving the existing measures, particularly the composite indices.

Annex B Table 1 outlines all the drivers and indicators we would like analysed for the State of the Nation 2024.

1. Objectives

The key objective is robust, quality-assured statistical analysis for inclusion in our annual State of the Nation report and online data explorer tool. It is a statutory requirement for us to publish this by autumn 2024, so delivering this work on time is paramount. Annex B details the analyses we would like delivered.

a. To perform the analysis with support from the secretariat to produce the statistics named in the Social Mobility Index methodology, for publication in the Commission's 2024 State of the Nation report and on our website.

We would like to calculate and interpret the statistics shown in Annex B. These include all drivers, and intermediate outcomes, including breakdowns by 'protected characteristics' such as sex, ethnicity and disability, as well as geography (UK wide, nationally, regionally), and the composite indices. Some pooling of data across years may be needed in some cases.

The annex does not include the full social mobility outcomes, as we do not intend to recalculate these for 2024.

The composite indices are a particular priority, because the written report will focus on these, while other indicators may only be updated on our website. These composite indices are:

- Based on intermediate outcomes:
 - *Promising Prospects*
 - *Precarious Situations*
- Based on drivers of social mobility:
 - *Childhood poverty and Disadvantage*
 - *Sociocultural Advantage*
 - *Research and Development Environment*

The composite indices were experimental for 2023, so part of the task will be to review and improve them where possible. In particular, we would like:

- a greater level of geographical detail (this means a breakdown to smaller regional sizes than we have previously been able to do; e.g. ITL 3)
- a review of what underlying indicators should be included
- a review of whether any further composite indices could be added, and whether any existing composite indices could be combined or developed into one single index.

The supplier will draw on a variety of large datasets for these analyses. Familiarity with the Labour Force Survey (LFS), Understanding Society (UKHLS), government datasets (DfE), *etc*, is essential. The UK has rich data resources but not all of them cover the whole of the UK. There is also a lack of harmonised data across the UK nations for certain drivers and indicators. The supplier will therefore be required to understand how best to harmonise datasets or suggest complementary data resources when information or accessibility is limited (such as when there are insufficient sample sizes to permit analysis of local areas or by certain characteristics).

b. To provide an interpretation of the analysis, working with the report team to ensure the messaging and narrative built around the findings is accurate.

We want to build a succinct and clear narrative around what these findings mean for progress on social mobility. It is not necessary for suppliers to have in-depth knowledge across government policy, but we would like suppliers to have a sufficient understanding and awareness of the policy space related to social mobility (*i.e.* across social and economic policy) to be able to comment on what the data mean. Please see our 2023 State of the Nation report for a baseline expectation of the level of commentary we are looking for.

The main commentary required will be about the composite indices listed in objective (a). There may be some commentary also required for a small number of other indicators, either because they are also included in the report, or because explanatory comments are needed for the website.

We would like the supplier to work with the team in developing visualisations of the data outputs (*i.e.*, figures, charts, tables etc) with accompanying interpretation in simple language (*e.g.*, a few sentences to describe the findings) to allow the secretariat to incorporate this information into the data tool and chapters of the main report. We would expect the supplier to be available to answer questions regarding the interpretation of the findings and review the final narrative to ensure the findings are interpreted correctly. We would not expect the supplier to provide all visualisations or write the chapters but to work collaboratively with the SMC to test the interpretation and narrative surrounding the findings.

c. To review and improve the Social Mobility Index where possible, especially with respect to the composite indices

We have committed to keeping the Index under review. In particular, we would like to review the composite indices to see:

- whether a greater level of geographical detail (such as International Territorial Level 3) is possible, and if not then what would be required to achieve this
- what further underlying indicators should be included
- whether any further composite indices could be added, and whether any existing composite indices could be combined.

We would also like to review our selection of drivers of social mobility, to see whether any should be added or removed. In particular, the R&D indicators were experimental and it may be possible to improve them.

Finally, we would like to review all of the indicators in the Index to see whether other datasets or other derived statistics might better represent the underlying concept, balancing this need for improvement with the need for continuity in our publications.

2. Deliverables and deadlines

Ensuring the accuracy of the statistics we publish, and providing an interpretation consistent with the latest scientific thinking on social mobility, is paramount. The supplier will be responsible for quality-assuring the analysis and interpretation of their statistics. Publication of the final report is expected in autumn 2024.

Deliverable 1: Cleaned, harmonised and wrangled datasets that are ready to use for the analysis of the existing drivers and intermediate outcomes of the Social Mobility Index for the 2024 State of the Nation report and online data explorer tool – 15 February 2024

You will provide ready-to-use datasets, advice and QA on the analyses specified in Annex B table 1, or as agreed with the SMC. The outputs of the first deliverable are:

- Preparing the LFS data and any other relevant datasets (*e.g.* UKHLS/USoc, WAS) using R (if possible the 2023 and 2024 data, including the government-access dataset, which includes adolescent geography) for relevant drivers and intermediate outcomes as specified in the table in Annex B. For intersectional analysis and the composite indices, the supplier will need to clean several years of LFS data for pooling purposes.
- The scripts used to do this, with clear comments throughout to explain each set of steps. This will include how each variable is encoded/recoded, including specifying the variables used.
- Advice and help on dealing with the issue of falling response rates in the LFS, given that the LFS is the primary data source. This may include help with finding other data sources or studies to validate findings from the LFS.

N.B We have changed the content of Deliverable 1 due the Office for National Statistics' decision to potentially withhold the July-September wave of the 2023 LFS due to concerns about the data quality. If the LFS 2023 or 2024 is released by 07/31/24, we would ask for the cleaned and wrangled datasets as set out in the original deliverable. In the meantime, we ask for reliability checks of our 2023 analysis (individual indicators and composites) derived from the 2022 LFS against the 2021 Census.

Deliverable 2: Analytical support for producing the existing drivers and intermediate outcomes of the Social Mobility Index for the 2024 State of the Nation report and online data explorer tool – 15 March 2024

You will provide on-going analytical support, advice and QA on the analyses specified in Annex B table 1, or as agreed with the SMC. The outputs of this deliverable are:

- Advice to SMC on their analysis of the data (including visuals and tables) using R, through e-mail and regular meetings. This will include problem solving when the analysis is not producing the right output, and suggestions for improvements.
- Statistical advice and quality assurance on the analysis forwarded to the supplier by the SMC secretariat.
- Advice and QA on improved modelling of time trends and where these could be used, which may include new code
- Advice and QA on an improved method for calculating the returns to education, which may include new code
- Advice and QA on other improvements to the analyses in the table, including the R&D drivers.

Deliverable 3: Newly updated composite indices, refining the current ones or producing new ones if necessary, with breakdowns at ITL3 level – 30 April 2024

- Improving and refining the 5 existing composite indices with estimates at ITL 3 (upper-tier LA) level, splitting the UK into 179 regions instead of the current 41. The supplier should consider the pros and cons of reducing the number of composite indices, including whether it would be possible to produce a credible single composite index.
- As part of this deliverable, the supplier should prepare:
 - Charts and/or maps to illustrate the new analysis
 - A reproducible script of the analysis used to update the composite indices at ITL3 level, along with a short report of 3 to 5 pages containing a technical commentary on its suitability for publication.
 - If the supplier recommends against publication at ITL3 level, they should include an analysis of what would be required to remedy the problem in future years (although the final decision on publication rests with SMC).
- Preliminary narrative around the newly updated composites. The narrative must relate the statistics to theory and explain what they mean for social mobility.

Deliverable 4: Narrative and interpretation of findings – 30 April 2024

- The supplier will be expected to provide guidance on the interpretation of statistics and models where needed, and advice on the commentary and narrative around all of the outputs.

Deliverable 5: Independent review and reproducibility of statistics – 31 July 2024

- The supplier will work closely with the SMC team to ensure the interpretation and use of statistics in the report is correct, and sign off the accuracy of the final statistics used in the report and press release. In the case of analysis carried out directly by the supplier (such as new composite indices as part of deliverable 3), the supplier should engage a third party to carry out the quality checks detailed in this deliverable (deliverable 5).
- The statistics and samples used need to be checked via an independent re-run of the analysis by someone who is not immediately involved in the project. This analysis will be done in R.
- The re-run of the sample and its representativeness checks (against suitable population statistics) should be done separately from the re-run of the statistics. An example of a sample representativeness check could include checking whether descriptive statistics such as the sample age mean and quartiles are statistically similar to that of the representative population statistics from the UK census.
- An example of the re-run of an indicator could include using the quality assured sample to independently derive the indicator with new code. For example, if the indicator were the median

earnings of 25-29-year olds. A re-run would take the quality assured sample of 25-29-year olds and re-calculate the median to check it matches the original figure.

- The analyses should also be fully reproducible so that the SMC can rerun the same analyses independently in future. The supplier will need to arrange for the logic of the code to be checked.

Deliverable 6: Accessibility requirements – 31 July 2024

- For new analytical work, the supplier will provide the SMC with an accessible, quality-assured Microsoft (MS) Excel file where the underlying data for each figure or chart used in the final report are presented in separate tabs. SMC will supply a data structure template for this purpose and data will need to be entered in this template. An example is provided in the annex below.
- For example, please see this [DfE report](#), which has the report, then the excel file under it.

Deliverable 7: Detailed Method (Technical Specification Document) – 31 July 2024

- The analytical scripts for the analysis (*i.e.* code in R) exist from the analysis carried out for the 2023 annual report, but they may need some updates. The supplier will provide advice on these updates, as well as original scripts for new analysis carried out by the supplier. This must be fully reproducible code with a plain-English description of what the code is doing, including references to specific datasets and variables used, so that an analyst unfamiliar with the subject area could accurately reproduce the analysis and visualisations without help.
- If any data transformations are used that cannot be performed in R, including as part of data cleaning, these must be documented so that an analyst who is not familiar with the data could reproduce the transformations using any statistical package.
- For any new analytical work, a methodology document outlining the equation and procedures used to derive each statistic, and the variables (and their sources) used. This should give another researcher detailed enough instructions that they could carry out the same analysis on any statistical package.

Deliverable 8: Virtual/online meetings with the SMC team during report production to quality assure interpretation and messaging – ongoing (30/09/2024)

The SMC works closely with its suppliers to ensure their expertise is best utilised for our thinking and policy development on social mobility. The State of the Nation report is our most anticipated and important report of the year, and we will seek to work closely and in collaborative ways with suppliers throughout the production of the report. You should expect to co-work with the SMC team in collaborative ways. The output is:

Regular Meetings with the SMC team over the course of the project to support the interpretation and use of statistics in the report where necessary. (Meetings will be scheduled by mutual agreement on an as-needed basis).

Deliverable 9: Provision of ongoing advice on the drafting of the State of the Nation 2024 chapters – ongoing (30/09/2024)

This would be delivered through virtual/online meetings (which are scheduled by mutual agreement on an as-needed basis) and leaving comments on report drafts. The output is:

- Provision of feedback in the form of comments on the virtual drafts of the reports to check interpretation of the data is accurately presented.
- Attending meetings / taking calls on an as and when needed basis to provide advice on framing the data analysis, including input on the narrative, findings and conclusions from the analytical outputs into the State of the Nation chapters.
