## Price List

Entries in the first four columns are made either by the *Client* or the tenderer.

For each row:

•If the *Consultant* is to be paid an amount for the item which is not adjusted if the quantity of work in the item changes, the tenderer enters the amount in the Price column only.

•if the *Consultant* is to be paid an amount for the item of work and which is the rate for the work multiplied by the quantity completed, the tenderer enters the rate which is then multiplied by the Expected quantity to produce the Price, which is also entered.

•if the work is to be paid on a time charge basis, only expenses should be included.

Costs incurred by the *Consultant* other than the listed expenses are included in the Rates and Prices and the *staff rates.* If expenses are paid at cost, then 'at cost'should be entered into the Rate column.
