“Impact Assessment”	means an assessment of a Change Request substantially in the form of Annex 2 to this Schedule.
“Operational Change”	means any change in the Supplier's operational procedures which in all respects, when implemented: a) will not affect the Contract Price or the Supplier's costs of performing the Services and will not result in any other costs to the Authority; and/or b) may change the way in which the Services are delivered but will not adversely affect the output of the Services or increase the risks in performing or receiving the Services; and/or

	c) will not adversely affect the interfaces or interoperability of the Services with the Authority's hospital information systems; and/or d) will not require a change to the Contract.
"Receiving Party"	means the Party which receives a proposed Contract Change.

1. General Principles of Change Control Procedure

- 1.1 This schedule sets out the procedure for dealing with Contract Changes.
- 1.2 Operational Changes shall be processed in accordance with paragraph 8 below. If either Party is in doubt about whether a change falls within the definition of an Operational Change then it will be processed as a Contract Change.
- 1.3 Under this Change Control Procedure:
- 1.3.1 either Party may request a Contract Change which they shall initiate by issuing a Change Request in accordance with paragraph 3;
 - 1.3.2 the Supplier will assess and document the potential impact of a proposed Contract Change in accordance with paragraph 4 before the Contract either approved or implemented;
 - 1.3.3 the Authority shall have the right to request amendments to a Change Request, approve it or reject it in the manner set out in paragraph 5;
 - 1.3.4 the Supplier shall have the right to reject a Change Request solely in the manner set out in paragraph 6;
 - 1.3.5 no proposed Contract Change shall be implemented by the Supplier until such time as a Change Authorisation Note has been signed and issued by the Authority in accordance with paragraph 5.2; and
 - 1.3.6 if the circumstances or nature of a proposed Contract Change mean that it is a Fast-track Change then it shall be processed in accordance with paragraph 7.
- 1.4 To the extent that any Contract Change requires testing and/or a programme for implementation, then the Parties will agree a process for any applicable test procedures in respect of such Contract Changes for the purposes of affected procedures.
- 1.5 Until such time as a Change Authorisation Note has been signed and issued by the Authority in accordance with paragraph 5.2, then
- 1.5.1 unless the Authority expressly agrees otherwise in writing, the Supplier shall continue to supply the Services in accordance with

the existing terms of the Contract as if the proposed Contract Change did not apply; and

- 2.1.1 any discussions, negotiations or other communications which may take place between the Authority and the Supplier in connection with any proposed Contract Change, including the submission of any Change Communications, shall be without prejudice to each Party's other rights under this Contract.

2. Costs

- 2.1 Subject to Paragraph 2.3 each Party shall bear its own costs in relation to the preparation and agreement of each Change Request and Impact Assessment.
- 2.2 All Contract Changes shall be calculated and charged in accordance with the principles and rates set out in Appendix 2 of the Order Form. The Supplier will only be entitled to increase the Contract Price if it can demonstrate in the Impact Assessment that the proposed Contract Change requires additional resources and that such additional resources are not accounted for within the scope of the Contract Price already payable by the Authority. In any event, any change to the Contract Price resulting from a Contract Change (whether the change will cause an increase or a decrease in the same) will be strictly proportionate to the increase or decrease in the level of resources required for the provision of the Services as amended by the Contract Change.
- 2.3 Both Parties' costs incurred in respect of any use of this Change Control Procedure as a result of any error or default by the Supplier shall be paid for by the Supplier.

3. Change Request

- 3.1 Either Party may issue a Change Request to the other Party at any time during the Contract Period. The Change Request shall be substantially in the form of Annex 1 to this Appendix and must state whether the Party issuing the Change Request considers the proposed Contract Change to be a Fast-track Change.
- 3.2 If the Supplier issued the Change Request, then it shall also provide an Impact Assessment to the Authority as soon as is reasonably practicable but in any event within 10 Business Days of the date of issuing the Change Request.
- 3.3 If the Authority issued the Change Request, then the Supplier shall provide an Impact Assessment to the Authority as soon as is reasonably practicable but in any event within 10 Business Days of the date of receiving the Change Request provided that if the Supplier requires any clarifications in relation to the Change Request before it can deliver the Impact Assessment, then it will promptly notify the Authority and the time period shall be extended by the time taken by the Authority to provide those clarifications. The Authority shall respond to the request for clarifications as soon as is reasonably practicable and the Supplier shall provide the Authority with sufficient information to enable it to understand fully the nature of the request for clarification.

4. Impact Assessment

- 4.1 Each Impact Assessment shall include (without limitation):
 - 4.1.1 details of the proposed Contract Change including the reason for the Contract Change; and

4.1.2 details of the impact of the proposed Contract Change on the Services and the Supplier's ability to meet its other obligations under the Contract and any variation to the terms of the Contract that will be required as a result of that impact and including without limitation changes to:

- a) the Specification and Tender Response Document
- b) the Service Levels
- c) other services provided by third party suppliers to the Authority;
- d) other proposed Contract Changes which have yet to be agreed with HTE pursuant to this Change Control Process;
- e) details of the cost of implementing the proposed Contract Change in accordance with Appendix 2 of the Order Form;
- f) details of the ongoing costs required by the proposed Contract Change when implemented, including any increase or decrease in the Contract Price, any alteration in the resources and/or expenditure required by either Party, taking into consideration any other proposed Contract Changes and any alteration to the business practices of either Party;
- g) a timetable for the implementation, together with any proposals for the testing of the Contract Change and the impact on any other proposed Contract Changes;
- h) details of how the proposed Contract Change will ensure compliance with any applicable change in Law; and
- i) such other information as the Authority may reasonably request in (or in response to) the Change Request.

4.2 Subject to the provisions of paragraph 4.3, the Authority shall review the Impact Assessment and, within 15 Business Days of receiving the Impact Assessment, it shall respond to the Supplier in accordance with paragraph 5.

4.3 If the Authority is the Receiving Party and the Authority reasonably considers that it requires further information regarding the proposed Contract Change so that it may properly evaluate the Change Request and the Impact Assessment, then within five Business Days of receiving the Impact Assessment, it shall notify the Supplier of this fact and detail the further information that it requires. The Supplier shall then re- issue the relevant Impact Assessment to the Authority within 10 Business Days of receiving such notification. At the Authority's discretion, the Parties may repeat the process described in this paragraph until the Authority is satisfied that it has sufficient information to properly evaluate the Change Request and Impact Assessment.

5. Authority's Right of Approval

- 5.1 Within 15 Business Days of receiving the Impact Assessment from the Supplier or within 10 Business Days of receiving the further information that it may request pursuant to paragraph 4.3, the Authority shall evaluate the Change Request and the Impact Assessment and shall do one of the following:
- 5.1.1 approve the proposed Contract Change, in which case the Parties shall follow the procedure set out in paragraph 5.2 below;
 - 5.1.2 in its absolute discretion reject the Contract Change, in which case it shall notify the Supplier of the rejection. The Authority shall not reject any proposed Contract Change to the extent that the Contract Change is necessary for the Supplier or the Services to comply with any changes in Law. If the Authority does reject a Contract Change, then it shall explain its reasons in writing to the Supplier as soon as is reasonably practicable following such rejection;
 - 5.1.3 require the Supplier to modify the Change Request and/or Impact Assessment in which event the Supplier shall make such modifications within five Business Days of such request. Subject to paragraph 4.3 above, on receiving the modified Change Request and/or Impact Assessment, the Authority shall approve or reject the proposed Contract Change within 10 Business Days.
- 5.2 If the Authority approves the proposed Contract Change pursuant to paragraph 5.1 and it has not been rejected by the Supplier in accordance with paragraph 6 below, then it shall inform the Supplier and the Supplier shall prepare two copies of a Change Authorisation Note which it shall sign and deliver to the Authority for its signature. Following receipt by the Authority of the Change Authorisation Note, it shall sign both copies and return one copy to the Supplier. On the Authority's signature, the Change Authorisation Note shall constitute a binding variation to the Contract provided that the Change Authorisation Note is signed by:
- 5.2.1 the appropriate person(s) specified in paragraph 9.1 of this Appendix; and
 - 5.2.2 the Authority within 10 Business Days of receiving the Supplier's signed copy.

If the Authority does not sign the Change Authorisation Note within this time period, then the Supplier shall have the right to notify the Authority and if the Authority does not sign the Change Authorisation Note within five Business Days of the date of such notification, then the

Supplier may refer the matter to the Dispute Resolution Procedure.

6. Supplier's Right of Approval

- 6.1 Following an Impact Assessment, if the Supplier reasonably believes that any proposed Contract Change which is requested by the Authority:

- 6.1.1 would materially and adversely affect the risks to the health and safety of any person; or
- 6.1.2 would require the Services to be performed in a way that infringes any Law; or
- 6.1.3 is outside of the Supplier's technical capability where:
 - a) the Supplier can demonstrate to the Authority's reasonable satisfaction that the proposed Contract Change is impossible to implement; and
 - b) the proposed Contract Change is outside the technical scope of the Services as set out in the Specification and Tender Response Document,

then the Supplier shall be entitled to reject the proposed Contract Change and shall notify the Authority of its reasons for doing so within five Business Days after the date on which it is obliged to deliver the Impact Assessment in accordance with paragraph 3.3

7. Fast-Track Changes

- 7.1 The Parties acknowledge that to ensure operational efficiency there may be circumstances where it is desirable to expedite the processes set out above.
- 7.2 If both Parties agree in relation to a proposed Contract Change that:
 - 7.2.1 the Contract Change does not involve any alteration to, or deviation from the contractual principles set out in the Contract; and
 - 7.2.2 the total number of Contract Changes in relation to which this fast track procedure has been applied does not exceed two (2) in any twelve (12) month period (or such higher number as the Parties may from time to time agree in writing);and
 - 7.2.3 the proposed Contract Change is not significant (as determined by the Authority acting reasonably),
 - 7.2.4 then the Parties shall confirm to each other in writing that they shall use the process set out in paragraphs 2, 3, 4, 5 and 6 above but with reduced timescales, such that any period of fifteen (15) Business Days is reduced to five (5) Business Days, any period of ten (10) Business Days is reduced to two (2) Business Days and any period of five (5) Business Days is reduced to one (1) Business Day.
 - 7.2.5 The parameters set out in paragraph 7.2 may be revised from time to time by agreement between the Parties in writing.

8. Operational Change Procedure

- 8.1 Any changes identified by the Supplier to improve operational efficiency of the Services may be implemented by the Supplier without following the Change Control Procedure for proposed Contract Changes provided they do not:

- 8.1.1 have an impact on the Authority;
 - 8.1.2 require a change to the Contract;
 - 8.1.3 have a direct impact on use of the Services; or
 - 8.1.4 involve the Authority in paying any additional charges or other costs.
- 8.2 The Authority may request an Operational Change by submitting a written request for Operational Change ("RFOC") to the Supplier Representative.
- 8.3 The RFOC shall include the following details:
- 8.3.1 the proposed Operational Change; and
 - 8.3.2 time-scale for completion of the Operational Change.
- 8.4 The Supplier shall inform the Authority of any impact on the System or the Services that may arise from the proposed Operational Change.
- 8.5 The Supplier shall complete the Operational Change by the timescale specified for completion of the Operational Change in the RFOC, and shall promptly notify the Authority when the Operational Change is completed.

9. Change Authorisation

- 9.1 Any proposed Contract Change processed in accordance with this schedule will not be authorised and the Supplier shall not implement any proposed Contract Change until the Change Authorisation Note is signed and executed by both parties in accordance with the Authority's Contract Change authorisation and sign off procedure(s), as notified to the Supplier in writing from time to time.

10. Communications

- 10.1 For any Change Communication to be valid under this schedule, it must be sent to either the Authority's Change Manager or the Supplier's Change Manager, as applicable. All Change Communications may be hand delivered or sent by first class post, email or facsimile. Change Communications shall be deemed to have been received at the following times:
- 10.1.1 if hand delivered, then at the time of delivery or, if delivered after 16.00 hours on the next Business Day;
