STFC operates across multiple sites, requiring this tender to be divided into two Lots (refer to Definitions). Each site's travel needs are coordinated by the STFC Customer Booking Administrator at that location. Travellers must book their journeys through their respective site's Customer Booking Administrator, who will then relay the booking details to the chosen Supplier.

At the RAL site (Lot 1), there is an in-house driver team consisting of three drivers. This team primarily handles goods transportation and occasionally passenger services, but primarily for VIPs or Executive Directors, and only when capacity allows, as goods transport is the priority.

Suppliers who intend on bidding, are expected to carefully review the service requirements outlined in this specification, considering the needs of the Lot they are bidding for. Suppliers must submit both quality and pricing proposals that align with the service levels and standards specified in this specification

Service delivery for each Lot will be monitored using Key Performance Indicators (KPIs), ensuring that the Supplier meets the required standards.
