Supplier organisations must also comply with the following:

#### **1) Travel rates**

Cabinet Office will reimburse any essential and necessary travel related expenses that you incur through carrying out work on behalf of the Department. We will pay for all excess costs you incur travelling on official business. Official travel is defined as a journey that you:

- have to make in the performance of your duties
- make to or from a place you have to attend in the performance of your duties.

This will include travel between offices if you have more than one base. It excludes daily commuting to and from your normal place of work under this contract.

The lowest cost of travel should be chosen for your journey. Specific rules apply to chosen mode of travel.

#### **Rail Travel**

All rail travel must either be booked at standard or economy class, or at the lowest fare (even if this is 1<sup>st</sup> Class). Anytime or open tickets should only be booked when this is either the lowest fare, or there is a clear business justification.

#### **Air Travel**

All air travel must be booked at standard or economy class, and on lowest fare. If the flight has a flying time of over 5 hours, Premium Economy or Business Class (if Premium Economy is not available) on lowest fare, is acceptable.

#### **Taxis**

You may use a taxi for official business travel only when:

  - the saving of official time is important and can be justified on cost grounds.

All taxi fares should be receipted.

#### **Hire a self-drive car**

We will refund the costs of a self-drive car, if:

- this is cheaper and /or more appropriate than using public transport, and
- you have a current driving licence.

You should hire the least expensive and smallest car necessary for your official journey, and be able to demonstrate value has been achieved through the hire

decision.

If you use the hire car for any private travel or if you transport any non-official passengers you must pay for your own petrol and make sure that you have your own private fully comprehensive insurance cover

#### Personal Mileage Allowance

Claims submitted for travel should be based on actual costs incurred and capped at the rates for civil servants.

The standard rate payable for most official business travel is the - Public transport rate – Car 26p per mile, Motor cycle or motor bike 24p per mile, Bicycle 20p per mile.

Where travel by public transport is impossible or more expensive than using your own car, the cost of hiring a car was more expensive than using your own vehicle or you have to drive the car you own due to a disability the first 10,000 miles in a tax year are paid at 40p, over this the rate is 25p.
