Appendix 4: Processing Personal Data

Contract:	North Thames Estuary & Marshes – Terrestrial Invertebrate Survey 2024
Date:	16th May 2024
Description of authorised processing	The project involves the sharing of a limited amount of personal data for the purpose of the contractor to contact landowners / occupiers / other land agents to undertake ecological survey work.
Identity of Controller and Processor for each category of Personal Data	Natural England is the Controller. Colin Plant Associates is the Processor.
Subject matter of the processing	See below.
Duration of the processing	Duration of contract, approximately 7 months.
Nature and purposes of the processing	Provision of landowner contact information for survey access purposes.
Type of Personal Data	Names, postal addresses, email addresses, telephone numbers and other contact details.
Categories of Data Subject	Landowner, occupier, land agent, other representative of landowner (such as family member).
Plan for return and destruction of the data once the processing is complete UNLESS requirement under law to preserve that type of data	Personal data must be deleted from the Processor's systems and files, and an email sent to the Controller to confirm this has taken place. Any new personal data gathered incidentally whilst undertaking the contract also needs to be sent to the Controller before being deleted at the end of the contract.
Locations at which the Contractor and/or its subcontractors process Personal Data under this Agreement	The Contractor stores data on dedicated business IT equipment, within a project e-filing structure. Standard Mac computer backed up onto a hard drive (MA) and PC laptop also backed up onto a hard drive (TB). No cloud storage is used.
Protective Measures that the Contractor and, where applicable, its subcontractors have implemented to protect Personal Data processed under this Agreement against a breach of security (insofar as that breach of security relates to data) or a Personal Data Breach	The Contractor's business IT equipment is kept safely within the home office environment. It is all password protected. The home office has a regular staff presence, and is rarely left unattended during office hours. The home office is kept secure at all times. Should there be a breach of data security (such as theft of laptop etc.), the Processor (Colin Plant Associates) needs to notify the Controller (Natural England) within 48 hours of realising that the breach has taken place. Natural England will take any further steps required.
